updated 4. 1. 2024 | published 4. 1. 2024

Summary

The Flashforge Adventurer 5M comes with a back mounted spoolholder. This spoolholder can be mounted on the side.

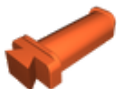

[3D Printers](#) > [Other Printer Parts & Upgrades](#)

Tags: [spoolholder](#) [flashforge](#) [adventurer5m](#)

First mount the base on the printer, after that you can slide the holder to the base.

WORK IN PROGRESS, still need to make the testprint but should fit according to the drawings.
